president of the Hungarian-Russian Cultural Association. In 1945-1946 he is believed to have been employed by the United States Military Mission in Hungary, at which time, according to information received by an informant, he was active as a Russian agent. In November, 1946, STANT-NY RUI reportedly gave the address of welcome at the Third Congress of the Hungarian Communist Party. Information received concerning STANT-GEORGI's alleged pro-Communist sympathies has been of a conflicting nature.

He entered the United States in April, 1947 and has been engaged in research at the Woods Hole Marine Biological Laboratory in Massachusetts, and at the United States Public Health Service in Bethesda, Maryland.

Confidential Informant T-1 stated that he had received information from VILBERT TILLY, former Rumanian Minister to the Court of St. James, who in turn received the information from some friends of his in London, that MALAKA was not successful in obtaining a transit visa or a visitor's visa for Great Britain, or in his application for a Canadian immigration visa because of the following facts:

In 1938 the Rumanian Armament Works received a license from the Metropolitan Vickers Company to produce the Vickers' anti-aircraft gun and shells. In order to produce the shells, MALAKA obtained the necessary machinery from Germany. In order to obtain the proper machinery he had to submit to the Germans the blueprints of the shells. According to the information received, this fact enabled the Germans to know the capacity and effectiveness of the British anti-aircraft defenses, prior to the time that the German commenced their bombing of London.

Confidential Informant T-2 advised that telegram #1874, dated October 12, 1948 from the Rumanian Legation in Washington to the Ministry of Foreign Affairs in Bucharest, read as follows:

"Request you communicate Mr. Minister MINAI MALAKA that the funds in the Legation's name as of October 10, 1948, are (1), Joint UNRRA funds, \$10,714.52; (2), Ministry of Commerce Fund, \$34,875.77 (MALAKA); (3), Ministry of Interior Fund, \$11,000; (4), Legation's Funds, \$44,202.82.

(Signed) MINAI MALAKA"

In November 1, 1948, MALAKA was interviewed by an agent of the Washington Field Office. MALAKA stated that it was in 1931 that he first became acquainted with MALAKA. At that time MALAKA was the owner of
